PROGRAMME 1C: CHLOROPHYLL A AND PHEOPIGMENTS INDEX IN NATURAL WATERS

Parameters to analyse

*(implemented in each proficiency test)*

19M1C.1 - Natural water - sent in June 2019 - Refrigerated parcel

- chlorophyll a, pheopigments index

19M1C.2 - Natural water - sent in October 2019 - Refrigerated parcel

- chlorophyll a, pheopigments index

**PARTICULARITIES:**

Chlorophyll a and pheopigments index: after extraction, measurement of the absorption by molecular absorption spectrometry then calculation of the concentrations using the LORENZEN or the SCOR-UNESCO equation.
